REMARKS

The Supplemental Notice of Allowability mailed November 10, 2009 has been reviewed and considered and this Amendment is responsive thereto.

The drawings stand objected to as not being in compliance with 37 C.F.R. § 1.121(d). Each objection is specifically addressed as follows:

- *Fig. 11 is cut off at the top* - Fig. 11 has been amended herein to close the box representing element (satellite) 206, thus eliminating the perception that the top has been cut off.
- *Figs. 33i and 33j appear to be mislabeled 32i and 32j* - the figure labels for Figs. 33i and 33j have been corrected.
- *Figs. 24c and 32d are described in the specification, but there is no accompanying drawing sheet* -
 - Fig. 24c - the specification has been amended to eliminate the brief description of Fig. 24c; and
 - Fig. 32d - a drawing sheet for Fig. 32d has been added. This application incorporates by reference parent application serial no. 08/912,934. The drawing sheet for Fig. 32d was provided in the parent application.

It is requested that this amendment be entered and notification to that effect is solicited. It is believed that no fee is required for entry of this Amendment under 37 C.F.R. § 1.312. If any fees are required or if an overpayment is made, the Commissioner is authorized to debit or credit our Deposit Account No. 19-0733, accordingly.

Respectfully submitted,
